**Heterogeneous Learning Environment and Linguaging in L2** Ramanjaney K. Upadhayay 2020-05-27 This book explores heterogeneity in the Indian academic setting. Presenting a study on the performance of Bachelor of Engineering students from various parts of the county, it analyzes the subjects’ language skills on the basis of selected sociolinguistic variables and examines the possible role/impact of using multiple languages in the communicative setting described. In turn, the book investigates the differences between the way language is viewed in the Orient and in the Western world, and how, despite their differences, these views lead to similar language teaching methods in both worlds. It also highlights the limitations of current theories and frameworks in terms of accommodating modern methods of assessing language skills. Addressing socio-pragmatic issues in terms of English proficiency and language assessment, it is the first book to offer such a focused and detailed discussion of these varied but related issues, making it a valuable resource for all scholars and researchers working in the areas of socio-pragmatics, language assessment, and intercultural communication.

**Not Just Victims** Sucheng Chan 2003 Not Just Victims contains twelve oral histories based on conversations with Cambodian community leaders in eight American cities – Long Beach, Philadelphia, Washington, D.C., Seattle, Portland, Tacoma, and the Massachusetts towns of Fall River and Lowell. Unlike the dozens of autobiographies published by Cambodians that focus largely on their victimization, these narratives describe how Cambodian refugees have adapted to life in the United States. Sucheng Chan’s extensive introduction provides a historical framework; she discusses the civil war (1970-75), the bloody Khmer Rouge revolution (1975-79), the border war during the Vietnamese occupation of Cambodia (1979-89), and the additional travails faced by those who escaped to holding camps in Thailand. The book also includes an essay on oral history and a substantial bibliography. *Dann Morris Gleitzman* 2011
