**Sites of Discourse - Public
and Private Spheres - Legal
Culture** 2022-05-09 The
present collection of essays
grew out of a conference, held
in Dresden in December 2001,
exploring the relationship
between the public sphere and
legal culture. The conference
was held in connection with the
ongoing research undertaken
by the
Sonderforschungsbereich 537
'Institutionalisation and
Historical Change' and, in
particular, by the project
'Circulation of Legal Norms
and Values in British Culture
from 1688 to 1900'. The
conference papers include
essays on the theory of the
public sphere from a
systematic and historical point
of view by Gert Melville, by
Peter Uwe Hohendahl and by
Jürgen Schläeger, all of whom
try to re-evaluate and/or
improve upon Jürgen
Habermas' seminal
contribution to the discussion
of the emergence of

modernism. Alastair Mann's contribution investigates the situation in Scotland, particularly censorship and the oath of allegiance; Annette Pankratz focuses on the king's body as a site of the public sphere; Heinz-Joachim Müllenbrock looks into the widespread 'culture of contention' at the beginning of the eighteenth century; and Eckhart Hellmuth considers the reform movement at the end of the century and the radical democrats' insistence on the right to discuss the constitution. Ian Bell, who took part in the conference, suggested the inclusion of part of the first chapter of his seminal study *Literature and Crime in Augustan England* (1991). Beth Swan, Anna-Christina Giovanopoulos, and Christoph Houswitschka respectively analyse the ideologies of justice, the interrelation between journalism and crime, and the juridical evaluation of the crime of incest and its representation in public. Greta Olson investigates keyholes as

liminal spaces between the public and the private, Juliet Wightman focuses on theatre and the bear pit, Uwe Böker examines the court room and prison as public sites of discourse, and York-Gothart Mix discusses the German emigrant culture in North America.

Die Gesetze der menschlichen Natur - The Laws of Human Nature

Robert Greene 2019-07-15

Robert Greene versteht es auf meisterhafte Weise, Weisheit und Philosophie der alten Denker für Millionen von Lesern auf der Suche nach Wissen, Macht und Selbstvervollkommnung zugänglich zu machen. In seinem neuen Buch ist er dem wichtigsten Thema überhaupt auf der Spur: Der Entschlüsselung menschlicher Antriebe und Motivationen, auch derer, die uns selbst nicht bewusst sind. Der Mensch ist ein Gesellschaftstier. Sein Leben hängt von der Beziehung zu Seinesgleichen ab. Zu wissen, warum wir tun, was wir tun, gibt uns ein weit

wirksameres Werkzeug an die Hand als all unsere Talente es könnten. Ausgehend von den Ideen und Beispielen von Perikles, Queen Elizabeth I, Martin Luther King Jr und vielen anderen zeigt Greene, wie wir einerseits von unseren eigenen Emotionen unabhängig werden und

Selbstbeherrschung lernen und andererseits Empathie anderen gegenüber entwickeln können, um hinter ihre Masken zu blicken. Die Gesetze der menschlichen Natur bietet dem Leser nicht zuletzt einzigartige Strategien, um im professionellen und privaten Bereich eigene Ziele zu erreichen und zu verteidigen.
