The Westminster Confession of Faith and the Cessation of Special Revelation Garnet Howard Milne 2007-12-01 In the opening chapter of the Confession, the divines of Westminster included a clause that implied that there would no longer be any special immediate revelation from God. Means by which God had once communicated the divine will, such as dreams, visions, and the miraculous gifts of the Spirit, were said to be no longer available. However, many of the authors of the WCF accepted that prophecy continued in their time, and a number of them apparently believed that disclosure of God's will through dreams, visions, and angelic communication remained possible. How is the cessationist clause of WCF 1:1 to be read in the light of these claims? This book reconciles this paradox in a detailed study of the writings of the authors of

the Westminster Confession of Faith.

Confessing the Faith Chad B. Van Dixhoorn 2014 This accessible, biblical, and thoughtful work digests years of study and teaching into bite-sized sections. Van Dixhoorn's work is historical and practical in its focus. It deliberately presents readers with more than another survey of Reformed theology; it offers a guide to a particular text, considers its original proof-texts, and seeks to deepen our understanding of each paragraph of the Confession.

A Question of Consensus Jonathan Master 2015-06-01 From the very earliest days after its completion in 1646, the Westminster Confession's position on assurance has been a subject of controversy. In this exciting new work, Jonathan Master considers the Westminster Confession's statements on assurance as a position of consensus among a diversity of viewpoints. Master traces how from this one position, the idea was expanded and modified—even by the document's own authors!—just years after its reception, in very distinct ways. Each of these expansions on what was intended to be a consensus document forms the basis for later traditions regarding assurance within the Reformed and Evangelical traditions. To date, few studies have examined these expansions as a united whole, and Master's work highlights the ways in which the streams of thought flowing out of Westminster are as important as those flowing into it, raising as they do questions about

confession and doctrinal freedom in the growing Reformed tradition.

2017-10-02 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers

with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The

many thousands of books in our collection have been sourced from libraries and private collections around

the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to

simulate the original. Our readers see the books the same way that their first readers did decades or a

hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the

original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely

that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste

Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all

the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This

process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully

reproduces the original, and to the maximum degree possible, gives them the experience of owning the

original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the

finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased

The confession is a systematic exposition of Calvinist orthodoxy (which neo-orthodox scholars refer to as "scholastic Calvinism"),

influenced by Puritan and covenant theology. It includes doctrines common to most of Christendom such as

the Trinity and Jesus' sacrificial death and resurrection, and it contains doctrines specific to Protestantism

such as sola scriptura and sola fide. Its more controversial features include the covenant of works with Adam,

the Puritan doctrine that assurance of salvation is not a necessary consequence of faith, a minimalist

conception of worship, and a strict sabbatarianism

EPUB format, also available for Kindle or in PDF The Westminster Confession of Faith is a Reformed

confession of faith, in the Calvinist theological tradition. Although drawn up by the 1646 Westminster

Assembly, largely of the Church of England, it became and remains the 'subordinate standard' of doctrine in

the Church of Scotland, and has been influential within Presbyterian churches worldwide. In 1643, the English

Parliament called upon "learned, godly and judicious Divines", to meet at Westminster Abbey in order to

provide advice on issues of worship, doctrine, government and discipline of the Church of England. Their

meetings, over a period of five years, produced the confession of faith, as well as a Larger Catechism and a

Shorter Catechism. For more than three centuries, various churches around the world have adopted the

confession and the catechisms as their standards of doctrine, subordinate to the Bible. The Westminster

Confession of Faith was modified and adopted by Congregationalists in England in the form of the Savoy

Declaration (1658). Likewise, the Baptists of England modified the Savoy Declaration to produce the Second

London Baptist Confession (1689). English Presbyterians, Congregationalists, and Baptists would together (with others) come to be known as Nonconformists, because they did not conform to the Act of Uniformity (1662) establishing the Church of England as the only legally-approved church, though they were in many ways united by their common confessions, built on the Westminster Confession.

[The Westminster Confession of Faith with Pastoral Comments](#) Linus Chua 2020-08-19 The Westminster Confession of Faith is one of the most comprehensive and yet accessible confessional documents that has ever been produced, with thirty three chapters spanning theological and practical subjects from the doctrine of the Trinity and God's decrees to civil matters like marriage and the civil magistrate. After more than 370 years, it remains the gold-standard of Reformed faith and practice, held by Presbyterian churches around the world, firmly rooted upon the Scriptures, and helpfully summarising the whole counsel of God, in order that the church may confess and unite around the truth as well as be protected from a multitude of error. This book is the result of a project by the pastors and elders of Pilgrim Covenant Church to print a short weekly bulletin to be read publicly before our service of worship, going through each paragraph of the Confession and giving a simple and devotional explanation, in order to acquaint the regular churchgoer with the faith that we hold and confess together.

The Westminster Confession of Faith Study Book Joey Pipa 2005-01 The Westminster Confession is a foundational document for countless churches worldwide. Churches of all sizes claim it as their confession, and hold to it with varying degrees of closeness. However, how many people actually have any real knowledge of the Confession or feel it is only of relevance to their church leaders? Joey Pipa's study book is the ideal tool for all Christians who seek to gain a better understanding of their faith through exploring an integral cornerstone of Reformed Christianity. Pipa has produced an accessible, user- friendly study aid, which illuminates the Westminster Confession for all Christians, showing it is not just a document for intellectual theologians, but is as relevant in our own lives today, as when it was written. Also includes The
